

Proposal for “Giving Tuesday” Funding Assistance - SMCM

Overview: The St. Mary’s College of Maryland Chapter of MSL is requesting assistance from other chapters in order to compete in a college-held fundraising competition.

The Competition: “Giving Tuesday” is a fundraiser held by St. Mary’s College of Maryland. Members of our campus community are allowed to “champion” a particular organisation within the college, each competing to raise funds. The top 10 “champions” are rewarded on a progressive scale of money, ranging from \$500 for #10 and \$5000 for the #1 champion. **The minimum donation is \$10.**

Our Proposal: The SMCM MSL Delegation proposes that MSL Delegations from other colleges assist in our fundraising efforts by raising money for us. In return, should our club place in the top 10, the outside delegations that provided monetary assistance shall receive significant portions of our winnings:

Our #1 donor school shall receive 20% of our winnings, maxing out at \$1,000* -

Our #2 donor school shall receive 15% of our winnings, maxing out at \$750* -

Our #3 donor school shall receive 10% of our winnings, maxing out at \$500*

Why take the risk? St. Mary’s is an exceptionally small school, with just 1600 students. If a few MSL delegations were to rally enough donations, they could easily help us make the top 10, making a payout very likely.

*The payout received by chapters who choose to donate is dependent on our placement

in the top 10, and the amount of the payout is subject to where within the top 10 we may place. The payment will take approximately 30-90 days after all votes have been counted, which will be finalized by the college on January or February, and the schools also must register as vendors and attach required W-9 forms, which we will assist with as much as possible.
